EXPERIENCE

Co-Founder & Software Developer

@ PLANROTA

11.2022 - ongoing

As Chief Operating Officer and software developer at startup "Planrota"; I'm dedicated to delivering advanced technology solutions that help Small and Medium-sized Enterprises (SMEs) optimize their sales and reduce costs. I played a role in the development of the continuously evolving route optimization technology of Planrota.

Software Developer

@ BIRLESİK YAZILIM

11.2022 - ongoing

I worked on the front-end team, leading the renewal and dynamic development of all company-owned websites and DinamoERP+, a hybrid ERP software. In this role, I ensured that the UI/UX design was always up-to-date and user-friendly. Currently, I am actively involved in the ongoing development of Dinamo AI Assistant (dani), utilizing the Scrum methodology.

Frontend Developer

@ OSF DIGITAL

08.2022 - 09.2022

Frontend Developer Internship, I created a website from Adobe Photoshop & Figma design with HTML, CSS, Javascript, JQuery & Bootstrap and 3rd party JS libraries.
